CASH STASH ACCOUNT IS LAUNCHED FOR BUSINESSES

FNB is offering businesses a **free** Cash Stash Account, which will be automatically opened for you on your FNB Online Banking profile.

The Cash Stash Account can be used for any money you would like to ring-fence in your business. Money can be 'stashed away' to pay for important events or for upcoming payments.

You can only transfer to and from your business transaction account and your money is immediately available if your business needs it.

Interest is paid on the balance of your Cash Stash Account and you can change the name of 'Cash Stash' to any name you would like on your FNB Online Banking profile.

If you do not want this account, please don't transfer any money into it. The account will automatically close and be removed from your FNB Online Banking profile after three months.

PowerBall

The news everyone has been waiting for!

We are very excited to provide Online Banking clients with the ability to play PowerBall online, providing you with a convenient and secure way of purchasing your PowerBall tickets.

All winnings will be paid directly into your account so you never have to worry about unclaimed tickets again. Play PowerBall, QuickPick and even replay your historical tickets.

PowerBall is available on the **Services** tab.

Prevx SafeOnline

We have partnered with Prevx, the providers of SafeOnline™, allowing the FREE download of SafeOnline™ for all Online users. This software will give you the protection you require while visiting secure sites - not just on Online Banking. Prevx SafeOnline™ will:
